Satisfactory Completion

Learners must complete an evaluation form to receive a certificate of completion. If you need MOC credit, you also need to pass a post-test with a score of at least 80%. Your chosen sessions must be attended in their entirety. Partial credit of individual sessions is not available. If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/certification requirement.

Accreditation Statement

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and the Association of Molecular Pathology. Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physicians

Amedco LLC designates this live streamed activity for a maximum of 59.50 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CMLE

This activity has been planned and implemented in accordance with Amedco and the joint provider-ship of the ASC and the Association for Molecular Pathology (AMP) and has been approved for 59.50 Credits of CMLE Hours.

American Board of Pathology (ABPath) MOC

This activity is registered with the American Board of Pathology Maintenance of Certification Program for Self-Assessment Module (SAM) for 13.00 credit hours. Participant information will be uploaded to the ABPath MOC Board 30 days post activity.

***Note: The ABPath MOC/SAM Program will end 12/31/2020. All credits must be claimed by that date.**

Objectives - After Attending This Program You Should Be Able To

1. Discuss the research underway and/or current diagnostic approaches to molecular hematopathology, the molecular testing of tumors in anatomic pathology, molecular techniques that aid in resolving diagnostic dilemmas in infectious diseases, and molecular genetic testing of inherited diseases.
2. Demonstrate an increased level of knowledge of the methods and techniques being used by researchers and practitioners.
3. Demonstrate an increased level of knowledge of the methods and techniques being used by researchers and practitioners.
